### Interactivity

- Create vessels lists with many search criteria ie: owner fleet, vessel types, and technical criteria.
- Customize your own search filter
- Save lists and update descriptions and vessel status as 'for sale' , demolition, ...
- Columns are all resizable and sortable
- Export results into excel or any other format

### Bottom panel

- On bottom panel check detailed ship descriptions
- Commercial information: market summaries, commercial advices, enquiries,...
- If you are subscribing other AXSMarine software you can access vessel positions and fixtures
